Dear friend,

November is Youth Homelessness Awareness Month - a month dedicated to growing awareness of youth homelessness and getting more people involved to end this issue. Each year, millions of young people across the country face homelessness. TGTHR is an organization that is tackling this issue head on by providing housing and supportive services to 12-24 year olds.

I am writing you with an ask to join me in supporting this critical work. I am (insert ask here -- donating, hosting a house party, collecting gifts for a holiday drive, etc.) and I would be thrilled if you joined me!

Thank you, in advance, for joining me in ending youth homelessness! Learn more about the life-changing work TGTHR is doing and other ways you can get involved: [TGTHR.org](https://www.tgthr.org)
